## How to Play the Game:

1. Place the Puzzle Board in front of you and your puzzle pieces on both sides of the board.
2. Blindfold Yourself: Put on a blindfold or cover your eyes. No peeking!
3. Find the Puzzle Pieces: Feel around to pick up the puzzle shapes one by one.
4. Match the Pieces: Use your sense of touch to figure out which shapes go on the puzzle board. Try to place each shape onto the correct outline on the puzzle board.
5. Ask for Help: If you're playing with friends or family, they can give hints or cheer you on!
6. Solve the Puzzle: Once all the shapes are placed in the puzzle board, take off your blindfold and see how well you did.

## Bonus Challenges!

- Time yourself to see how fast you can match the shapes while blindfolded.
- Play with friends or family. See who can finish the fastest!

## How to Make the Puzzle:

1. Print the Puzzle Sheets: Download and print the puzzle shape sheets.
2. Glue the Shapes: Glue the printed puzzle sheet onto a piece of cardboard to make the puzzle sturdy. (Back of Cereal Boxes Work Great!)
3. Cut Out the Shapes: Carefully cut out each shape carefully so you have a puzzle piece and you have the puzzle board where it fits. Ask an adult for help if you need it!
4. Mix Up the Pieces: Once all the shapes are cut out, mix them up so they're ready to play.

While exciting to play, this puzzle should ONLY be played while seated and with complete adult supervision.
